PHYSICIAN-PATIENT AGREEMENT

This agreement serves to inform Dr. Schulte's patients regarding office policies, physician policies, and the Physician-patient relationship. Please read this agreement in its entirety and sign where indicated to acknowledge your understanding of this agreement and to abide by the policies contained therein.

ATTENDANCE POLICY: Dr. Schulte requires that all patients taking CII medication (generally, stimulants) be seen every three months and that those taking CIV medications (generally, benzodiazepines) to be seen every 4 months. All others on medication should generally be seen not less than every 5 months. Failure to maintain a regular attendance schedule may affect your ability to receive refills in a timely manner.

PRESCRIPTION POLICY: Please leave prescription requests on the refill line. For paper prescriptions please allow 48 hours for processing; for *new* (non-paper) prescriptions, please allow 24 hours for processing. For non-paper REFILLS please contact your pharmacy directly; they will initiate the proper procedure.

****Please make sure to allow sufficient time for processing on all prescriptions, especially on weekends, so that you do not run out of your medication.**

CONFIDENTIALITY POLICY: Please see attached "Arizona Notice Form."

RE: THE MEDICAL INFORMATION BUREAU: Health insurance policies sometimes require patients to release all encounter information for any service rendered that is claimed against the health care plan. The diagnosis and treatment information required on the claim form is often then forwarded to the Medical Information Bureau (MIB), where it becomes available to other insurance companies without the patient's knowledge or consent. For this reason, Dr. Schulte cautions all patients that the release of any information through the claims filing process *may* present a potential risk that could be personally damaging to unknowing patients should an inappropriate party gain access to the MIB national database.

MEDICARE PART B ENTITLEMENT POLICY: While Dr. Schulte will gladly treat patients who are Medicare eligible, he does not participate in the Medicare Part B program. Unfortunately, this means that Medicare eligible patients are not allowed to seek Medicare reimbursement for Dr. Schulte's services and are required by law to sign a "waiver of Medicare Part B entitlement" acknowledging the same. A waiver is included in this packet and will need to be signed prior to receiving services.

PATIENT/PHYSICIAN RESPONSIBILITIES: Each patient is responsible for providing accurate contact and billing information. If a patient's telephone, email, or address changes it is the duty of that patient to inform Dr. Schulte's office immediately to avoid disruption of communication. Examination and treatment provided by Dr. Schulte is limited to outpatient psychiatric services. The patient should be aware that this does not necessarily constitute total or definitive psychiatric care, and that further evaluation and treatment may be required in some cases. It is the patient's responsibility to obtain follow up medical care for general health as needed or where when advised to do so by Dr. Schulte. The patient further acknowledges that psychiatry is a specialty within the field of medicine and is not meant to be a substitution for primary medical care.

TERMINATION POLICY: Dr. Schulte reserves the right to terminate any patient who violates treatment protocol, is generally non-compliant (with respect to treatment directives or office policies), willfully disregards treatment objectives that are designed to obtain positive clinical outcomes, or is rude or disrespectful to him or his staff. He will continue to treat the terminated patient on an *emergency basis only* for 30 days after termination.

STORAGE, TRANSFER & ACCESS TO PATIENT RECORDS ON TERMINATION OF THE PRACTICE:

In the event of the termination of Dr. Schulte's practice, the doctor (or a designee from his staff) will post two notices in the Arizona Republic, two weeks apart, regarding the close of the practice and information for locating medical records. The doctor or his staff designee will further advise all active clients (by letter or direct verbal communication) where and how they may contact the doctor for purposes of interim/transfer care or to request their records. Patients will be provided either a phone number to contact the doctor directly or with numbers for the Arizona State Psychiatric Association or the Arizona State Medical Board, who will be able to properly direct requests (the doctor will maintain current contact with both associations during the required period for records retention). The doctor will maintain a professional telephone contact number for a period of three to six months, depending on circumstances surrounding the closure of the practice.

To protect personal privacy, the doctor or his staff designee will only provide direct access numbers to active or recent (6 months inactive) patients. *Inactive* patients will be able to direct records requests to the Arizona State Psychiatric Association or the Arizona State Medical Board. The doctor will maintain records at:

North Scottsdale Psychiatric Specialists
9590 E Ironwood Square Drive
Suite 210
Scottsdale AZ 85258

The doctor or his staff designee will respond in a timely manner to patient requests for copies or access to their medical records. Unless prohibited by illness, temporary travel unavailability, or death the doctor will respond within 30 days or other legally or ethically mandated timeframe. The doctor or his staff designee will dispose of unclaimed records after the legally specified time for retention by destroying said records such no confidential information remains in useable form.

In the event that circumstances require, the doctor or his staff designee will forward access and responsibility to another professional who will respond to records requests in accordance with legal and professional standards as set forth by the Arizona State Psychiatric Association and the Arizona State Medical Board.

All patient records are currently being maintained at 9590 E Ironwood Square Drive, Suite 210, Scottsdale AZ 85258.

I have read, understand, and accept the provisions of this Physician-Patient Agreement, and have no questions about the policies outlined herein. I understand that if I violate any provisions of this agreement my treatment may be terminated. I understand that this agreement is binding in the state of Arizona and that the provisions herein are for my protection and the protection of Dr. Schulte. The original, signed agreement will become part of my private medical record and I am entitled to a copy at my request.

ARIZONA NOTICE FORM

Notice of Psychiatrist's Policies and Practices to Protect the Privacy of Your Health Information
THIS NOTICE DESCRIBES HOW PSYCHIATRIC AND MEDICAL INFORMATION ABOUT YOU
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.
PLEASE REVIEW IT CAREFULLY.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

“PHI” refers to information in your health record that could identify you.

“Treatment” is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychiatrist.

“Payment” is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.

“Health Care Operations” are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.

“Use” applies only to activities within my office such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.

“Disclosure” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, or health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment or health care operations; I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your Psychotherapy Notes.

“Psychotherapy Notes” are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI. You may revoke all such authorizations (of PHI or Psychotherapy Notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

Child Abuse – I am required to report PHI to the appropriate authorities when I have reasonable grounds to believe that a minor is or has been the victim of neglect or physical and/or sexual abuse.

Incapacitated Adult Domestic Abuse – If I have the responsibility for the care of an incapacitated or vulnerable adult, I am required to disclose PHI when I have a reasonable basis to believe that abuse or neglect of the adult has occurred or that exploitation of the adult's property has occurred.

Health Oversight Activities – If the Arizona Board of Psychiatric Examiners is conducting an investigation, then I am required to disclose PHI upon receipt of a subpoena from the Board.

Judicial and Administrative Proceedings – If you are involved in a court proceeding and a request is made for information about the professional services I provided you and/or the records thereof, such information is privileged under state law, and I will not release information without the written authorization of you or your legally appointed representative or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. You will be informed in advance if this is the case.

Serious Threat to Health or Safety – If you communicate to me an explicit threat of imminent serious physical harm or death to a clearly identified or identifiable victim(s) and I believe you have the intent and ability to carry out such a threat, I have a duty to take reasonable precautions to prevent the harm from occurring, including disclosing information to the potential victim and the police and in order to initiate hospitalization procedures. If I believe there is an imminent risk that you will inflict serious harm on yourself, I may disclose information in order to protect you.

Worker's Compensation – I may disclose PHI as authorized by and to the extent necessary to comply with laws relating to worker's compensation or other similar programs, established by law, that provide benefits for work related injuries or illness without regard to fault.

IV. Patient's Rights

Right to Request Restrictions – You have the right to request restrictions on certain uses and disclosures of protected health information. However, I am not required to agree to a restriction you request.

Right to Receive Confidential Communications by Alternative Means and at Alternative Locations – You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are seeing me. On your request, I will send your bills to another address.)

Right to Inspect and Copy – You have the right to inspect or obtain a copy (or both) of PHI in my mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. I may deny your access to PHI under certain circumstances, but in some cases you may have this decision reviewed. On your request, I will discuss with you the details of the request and denial process.

Right to Amend – You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. I may deny your request. On your request, I will discuss the details of the amendment process.

Right to an Accounting – You generally have the right to receive an accounting of disclosures of PHI. On your request, I will discuss with you the details of the accounting process.

Right to a Paper Copy – You have the right to obtain a paper copy of this notice from me upon request, even if you have agreed to receive the notice electronically. The fee is determined pursuant to Arizona Revised Statutes §12-351-(F)(1).

V. Psychiatrist's Duties

I am required by law to maintain the privacy of PHI and to provide you with a notice of my legal duties and privacy practices with respect to PHI. I reserve the right to change the privacy policies and practices described in this notice. Unless I notify you of such changes, however, I am required to abide by the terms currently in effect.

VI. Questions and Complaints

If you have questions about this notice, disagree with a decision I make about access to your records, or have other concerns about your privacy rights, you may contact my office manager, at 480.451.3454.
